FR Y-14M Large Bank Credit Card and Mortgage Data

The Large Bank Consumer Credit Data are based on credit card and mortgage data provided by the largest financial institutions in the United States.

The reporting provides users with aggregate data on credit card and first-lien mortgages including portfolio composition, credit performance, origination activities, credit card payment behavior, and credit card line utilization. This publication will be released on a quarterly frequency.

Monthly Retail Sales

Expansion of data for industry code changes.
The Community Bank Sentiment Index is an index derived from quarterly polling of community bankers across the nation. As community bankers answer questions about their outlook on the economy.
Zillow Home Value Index is a measure of both the typical home value and housing market appreciation currently and over time. It reflects the typical value for homes in the 35th to 65th percentile range.
